Keep the Attendance Certificate for your records, and apply for your MOPS or AVE CME points through your normal quarterly reporting to the RNZCGP. You may be asked for a copy of your Attendance Certificate by the RNZCGP or New Zealand Medical Council, so file in an appropriate place.

While the conference is approved for up to a maximum of 26.35 hours GPs attending can only claim for the conference sessions they attend. Delegates will need to complete this self-recording form. This form can be kept as the Certificate of Attendance, so practitioners participating in GPEP 2 or MOPS have the necessary documentation for submission to the RNZCGP when this is requested.
