Product Listing/Category

We will produce a product/service category listing to help delegates find products/health conditions and services. This will be cross-referenced with the exhibition stands. If you attended last year's meeting you will be automatically listed under the same categories (see the Sponsorship/Exhibition Form on page 19) for the category options.

If you did not attend last year (or did not list your preference), please indicate which categories you would like to be listed under on the exhibition form.

Prizes

We will list any prizes/competitions/giveaways you are offering from your stand. We include these details in the conference proceedings and on the main information board to give delegates a heads up on what is happening around the exhibition area. This will also help as a conversation starter and may reduce the need for repetition re introducing the prize/competition when delegates arrive at your stand.

We can notify winners of your competition onsite, prior to the final catering session on Sun 14 June, and encourage them to visit your stand to collect their prize prior to leaving the conference. We can only do this for exhibitors who advise us what competition they are running.

You will need to advise the winner of your competition to us at the conference registration desk by 5pm on Sat 13 June.

Deadline for receiving your prize/competition details is **Fri 08 May 2020**

Delegate Flow Conference Competition

To encourage delegate flow in all areas we are running a famous lodge competition.

Each exhibitor will be issued with a piece of the puzzle. Delegates will need to obtain a piece from all exhibitors to enter the draw for:

- a \$2,000 travel voucher

The entry form will be a page in the conference proceedings book.

We are pleased to announce the interactive smartphone application, *EventLink*, for this year's Rotorua GP CME 2020 meeting.

The app will be available for iPhone, Android, BlackBerry, and any smartphone that has web-enabled browser capability, and offers many useful year-round features.

App will be able to:

- Review sessions and add them to their calendar
- Stay in-the-know with show alerts
- Participate in live audience polls conducted during presentations
- Download exhibitor brochures
- Link with friends and share event photos

The Rotorua GP CME 2020 Mobile App will provide sponsors with the opportunity for mobile sponsorships and promotion through banner ad and multimedia advertising.

This gives exhibitors a far-reaching, cost-effective way of advertising in this brand new medium. It's a handy tool for the trade show, but it also lives on throughout the year, providing users with an industry reference tool with company, product and contact information, plus exhibitor advertising all year long.

Since exhibitor content appearing on the app is managed by the exhibitors, it's a place to point new business prospects whenever new information is available, on a device they use daily right in the palm of their hands.

You can add custom questions, so that you're collecting the information that's most important to your business. You can export your leads on-demand. There's no more jotting notes on the back of a business card or manually entering in contact information when you get back to the office.

Quick and Effective Sales Follow-Up

With this detailed information, you can quickly prioritize the best leads for your sales teams for much more relevant and effective follow-up. Since you can import their leads directly into your CRM system, your sales teams can now also follow-up promptly. Giving you full control over the leads and a way to take higher quality notes enables you to close more business that can be tied directly back to GP CME.

Proving the ROI of your Participation

With real-time access to your leads during and after the event, you will have a clear understanding of the ROI of your participation at GP CME. You will know how many leads you got, the quality of those leads, and can determine the amount of sales pipeline and closed business that result from GP CME.
