INVITATION TO ATTEND ROTORUA GPCME 2023

We are delighted to return to Rotorua again in person for this meeting. A very varied medial update programme awaits you. It was also refreshing to be able to mingle very normally in person last year and relationships were rekindled. The social interaction was an injection of joy after the Covid isolation years.

We welcome South Link Education Trust as the major sponsor and supporter in 2023. The South Link Education Trust was established in 2003, as a charitable trust whose focus is to support New Zealand General Practice. The Trust has been and remains committed to New Zealand General Practice through its associated organisations Best Practice Advocacy Centre (BPAC), South Link Health Services (SLHS) the New Zealand Medicines Formulary (NZF and NZFc) and its other activities. They have been regular attendees at the GPCME meetings for a number of years.

The programme will commence with a karakia from local iwi, to provide their blessing and as a welcome. This year's Peter Foley Memorial Oration will be given by Dr David Bratt, recently retired from MSD and no stranger to you. There will be sessions focussing on caring for ourselves and colleague's health. We will tackle some topical thorny issues this year in plenary sessions - mental health, cognitive decline, medicinal cannabis, and chronic fatigue. Nephrology, gastroenterology, eyes and much more will be covered in some depth.

A number of sponsored breakfasts will present recovery at work (ACC), workplace bullying and violence (DHAS), optimal CVD management in type 2 diabetes (Eli Lilly), COPD update (GSK), and inequities in asthma (Astra Zeneca). Longer workshops on the Thursday cover dermoscopy and skin cancer surgical skills, diabetes in depth, a day of musculoskeletal training, long-acting contraception and managing abnormal uterine bleeding, GP MRI referral training, and how to prescribe medicinal cannabis.

On Friday there is a dedicated programme for practice managers as there is on Saturday for practice nurses. They may attend any session of their choice of course though.

The concurrent sessions provide a lot of choice, but do not despair missing out - post conference you can view many sessions online via a password sent to delegates for some months. 2 hr forums on skin cancer, nutrition, cancer cares, the COVID 19 Variant soup, respiratory and vaccination medicine, bowel cancer innovation are supported by many sponsored speakers. There is a large pot pourri of topics in the workshops, something for everyone.

ALS courses are on offer as usual throughout the meeting.

It is a difficult time in primary care with overstretched human resources and added Covid and other viral infective patient loads. There has been little sympathy or real financial reward for some years from our political leaders. This has been compounded by the dwindling workforce numbers. Hopefully you can glean support from colleagues and presenters at this meeting, sharing ideas, strategies and financial advice, whilst gaining solid medical update.

Make sure that you enjoy this meeting, catching up on colleagues from throughout the country, exchanging ideas over lunch or coffee, learning business skills, and picking up practice pearls to modify how you manage your patients from next week. Hopefully you can indulge in some of the local leisure and adventure activities too.

The GPCME Meetings in Rotorua and Christchurch will continue to focus on practical patient management issues and catalysing great social exchanges.

It is wonderful to see you all back again in 2023.

Kind regards,

Academic Convenor

CONFERENCE CONTENT

Pre-Conference Workshops

Thursday 8 June 2023, Rotorua Energy Events Centre

To provide further practical updates, there is an optional pre-conference workshop day covering a broad range of hands-on topics, including an option to register for Basic and Advanced Surgical skills training. Please note topics are repeated content, not part 1 and 2. Some workshops have a limit on the numbers that can attend. Book early to avoid disappointment as some workshops will book out.

Main Conference

Friday 9 - Sunday 11 June 2023, Rotorua Energy Events Centre

Due to the popularity of the meeting, further workshop options have been added to the Saturday programme. All GPs, Practice Nurses, Practice Managers, GP Registrars and Students are welcome to attend.

Practice Managers Programme

Friday 9 June 2023, Rotorua Energy Events Centre

A dedicated Practice Managers programme has been developed to ensure all areas of General Practice interest are covered for this national conference. All Practice Managers are invited to attend and are welcome to attend any other sessions of interest.

Practice Nurses Programme

Saturday 10 June 2023, Rotorua Energy Events Centre

A dedicated Practice Nurses programme will run concurrently with the main conference on Saturday. Practice Nurses are encouraged to register for the entire conference and are welcome to attend all sessions.
